7 “(1) No later than thirty days after the enact-

 9 shall cause notice to be published in the Federal  
 10 Register of the initiation of voluntary negotiation

9       types of digital transmission services and comparable  
10      circumstances under voluntary license agreements  
11      negotiated as provided in paragraph (1). The parties  
12      to the proceeding shall bear the entire cost thereof  
13      in such manner and proportion as the arbitration  
14      panels shall direct. The Librarian of Congress shall  
15      also establish requirements by which copyright own-  
16      ers may receive reasonable notice of the use of their

2           and (2) shall be repeated and concluded, in accord-  
3           ance with regulations that the Librarian of Congress  
4           shall prescribe—

16          recording publicly by means of a subscription trans-  
17          mission under this subsection (f) may do so without  
18          infringing the exclusive right of the copyright owner  
19          of the sound recording by complying with such no-  
20          tice requirements as the Register of Copyrights shall  
21          prescribe by regulation and by paying royalty fees in  
22          accordance with this subsection, or, if such royalty  
23          fees have not been set, by agreeing to pay such roy-

5 TRANSMISSIONS.—In the case of a subscription trans-  
6 mission performance of a sound recording licensed under  
7 subsection (f) of this section, the copyright owner of the

9       ing (or the persons conveying rights in the artists’  
10      performance in the sound recordings).

11      “(h) LICENSING TO AFFILIATES.—Where the copy-  
12     right owner of a sound recording owns a controlling inter-

17     entity the right to publicly perform a sound recording by  
18     means of a digital transmission, the copyright owner shall  
19     make the licensed sound recording available under section  
20     106(6) on similar terms and conditions to all other simi-  
21     larly-situated entities offering similar types of digital

 12           ~~the public performance of their works.~~

13           ~~“(j) DEFINITIONS.—As used in this section, the fol-~~

18 “(3)(A) A compulsory license under this section  
 19 includes the right of the maker of a phonorecord of  
 20 a nondramatic musical work under subsection (a)(1)  
 21 to distribute or authorize distribution of the sound  
 22 recording of such phonorecord by means of a digital  
 23 transmission which constitutes a digital phonorecord  
 24 delivery, regardless of whether the digital trans-  
 25 mission is also a public performance of the sound re-  
 26 cording under section 106(6) of this title or of any

1       nondramatic musical work embodied therein under  
2       section 106(4) of this title. For every digital phono-

20      That no such cause of action may be brought  
21      against a copyright owner of a sound recording un-  
22      less it authorized the digital phonorecord delivery.  
23      Any such cause of action shall be in addition to  
24      those available to the copyright owner of the musical

3 “(C) Nothing in section 1008 shall be construed  
4 to prevent the exercise of the rights and remedies al-  
5 lowed by clauses (3) and (7) and chapter 5 in the  
6 event of a digital phonorecord delivery, except that  
7 no action alleging infringement of copyright may be  
8 brought under this title against a manufacturer, im-  
9 porter or distributor of a digital audio recording de-

21 reproduce and distribute the sound recording and  
22 the musical work embodied therein under sections  
23 106(1) and 106(3), including by means of a digital  
24 phonorecord delivery, or (iii) any other rights under  
25 any other clause of section 106, or remedies avail-

20      licenses an affiliated entity the right to publicly per-  
21      form a sound recording by means of a digital audio  
22      transmission under section 106(6), the copyright  
23      owner shall make the licensed sound recording avail-  
24      able under section 106(6) on no less favorable terms  
25      and conditions to all bona fide entities that offer

1        *similar services, except that, if there are material dif-*  
 2        *ferences in the scope of the requested license with re-*  
 3        *spect to the type of service, the particular sound re-*  
 4        *cordings licensed, the frequency of use, the number of*  
 5        *subscribers served, or the duration, then the copyright*  
 6        *owner may establish different terms and conditions*  
 7        *for such other services.*

8            *“(2) The limitation set forth in paragraph (1) of*  
 9        *this subsection shall not apply in the case where the*  
 10       *copyright owner of a sound recording licenses—*

11            *“(A) an interactive service; or*

12            *“(B) an entity to perform publicly up to 45*  
 13        *seconds of the sound recording and the sole pur-*  
 14        *pose of the performance is to promote the dis-*  
 15        *tribution or performance of that sound recording.*

16        *“(i) NO EFFECT ON ROYALTIES FOR UNDERLYING*  
 17        *WORKS.—License fees payable for the public performance*  
 18        *of sound recordings under clause (6) of section 106 shall*  
 19        *not be taken into account in any administrative, judicial,*  
 20        *or other governmental proceeding to set or adjust the royal-*  
 21        *ties payable to copyright owners of musical works for the*  
 22        *public performance of their works. It is the intent of Con-*  
 23        *gress that royalties payable to copyright owners of musical*  
 24        *works for the public performance of their works shall not*

1 *be diminished in any respect as a result of the rights grant-*  
2 *ed by section 106(6).*

3 “(j) *DEFINITIONS.*—As used in this section, the follow-  
4 *ing terms have the following meanings:*

5 “(1) An ‘affiliated entity’ is an entity engaging  
6 *in digital audio transmissions covered by section*  
7 *106(6), other than an interactive service, in which the*  
8 *licensor has any direct or indirect partnership or any*  
9 *ownership interest amounting to 5 percent or more of*  
10 *the outstanding voting or non-voting stock.*

11 “(2) A ‘broadcast transmission’ is a trans-  
12 *mission made by a broadcast station licensed as such*  
13 *by the Federal Communications Commission.*

14 “(3) A ‘digital audio transmission’ is a digital  
15 *transmission as defined in section 101, that embodies*  
16 *the transmission of a sound recording. This term does*  
17 *not include the transmission of any audiovisual work.*

18 “(4) An ‘interactive service’ is one that enables  
19 *a member of the public to receive, on request, a trans-*  
20 *mission of a particular sound recording chosen by or*  
21 *on behalf of the recipient. The ability of individuals*  
22 *to request that particular sound recordings be per-*  
23 *formed for reception by the public at large does not*  
24 *make a service interactive. If an entity offers both*  
25 *interactive and non-interactive services (either con-*

1       *currently or at different times), the non-interactive*  
 2       *component shall not be treated as part of an inter-*  
 3       *active service.*

4           “(5) A ‘nonsubscription transmission’,  
 5       ‘nonsubscription retransmission’, or a  
 6       ‘nonsubscription broadcast transmission’ is any  
 7       transmission or retransmission that is not a subscrip-  
 8       tion transmission or retransmission.

9           “(6) A ‘retransmission’ includes any further si-  
 10       multaneous retransmission of the same transmission.  
 11       Nothing in this definition shall be construed to ex-  
 12       empt a transmission that fails to satisfy a separate  
 13       element required to qualify for an exemption under  
 14       section 114(d)(1).

15          “(7) The ‘sound recording performance com-  
 16       plement’ is the transmission during any 3-hour pe-  
 17       riod, on a particular channel used by a transmitting  
 18       entity, of no more than—

19               “(A) 3 different selections of sound record-  
 20       ings from any one phonorecord lawfully distrib-  
 21       uted for public performance or sale in the United  
 22       States, if no more than 2 such selections are  
 23       transmitted consecutively; or

24               “(B) 4 different selections of sound record-  
 25       ings

1                   “(i) by the same featured recording  
2                   artist; or

3                   “(ii) from any set or compilation of  
4                   phonorecords lawfully distributed together  
5                   as a unit for public performance or sale in  
6                   the United States,

7                   if no more than three such selections are trans-  
8                   mitted consecutively:

9                   *Provided, That the transmission of selections in excess*  
10                  *of the numerical limits provided for in clauses (A)*  
11                  *and (B) from multiple phonorecords shall nonetheless*  
12                  *qualify as a sound recording performance complement*  
13                  *if the programming of the multiple phonorecords was*  
14                  *not willfully intended to avoid the numerical limita-*  
15                  *tions prescribed in such clauses.*

16                  “(8) A ‘subscription transmission’ is a trans-  
17                  mission that is controlled and limited to particular  
18                  recipients, and for which consideration is required to  
19                  be paid or otherwise given by or on behalf of the re-  
20                  cipient to receive the transmission or a package of  
21                  transmissions including the transmission.”.

11           inserting “and other than as provided in paragraph  
12           (3),” after “For this purpose,”;

13           (3) by redesignating paragraphs (3), (4), and (5)  
14           of subsection (c) as paragraphs (4), (5), and (6), re-  
15           spectively, and by inserting after paragraph (2) the  
16           following new paragraph:

17               “(3)(A) A compulsory license under this section  
18           includes the right of the compulsory licensee to dis-  
19           tribute or authorize the distribution of a phonorecord  
20           of a nondramatic musical work by means of a digital  
21           transmission which constitutes a digital phonorecord

23           mission is also a public performance of the sound re-  
24           cording under section 106(6) of this title or of any  
25           nondramatic musical work embodied therein under

7                *and chapter 8 of this title; and*

8                *“(ii) on or after January 1, 1998, the roy-*  
9                *alty payable by the compulsory licensee shall be*  
10              *the royalty prescribed under subparagraphs (B)*  
11              *through (F) and chapter 8 of this title.*

12              *“(B) Notwithstanding any provision of the anti-*

16              *under subsection (a)(1) may negotiate and agree upon*  
17              *the terms and rates of royalty payments under this*  
18              *paragraph and the proportionate division of fees paid*  
19              *among copyright owners, and may designate common*  
20              *agents to negotiate, agree to, pay or receive such roy-*  
21              *alty payments. Such authority to negotiate the terms*  
22              *and rates of royalty payments includes, but is not*  
23              *limited to, the authority to negotiate the year during*  
24              *which the royalty rates prescribed under subpara-*

1        *graphs (B) through (F) and chapter 8 of this title*  
2        *shall next be determined.*

3            “(C) During the period of June 30, 1996,  
4        *through December 31, 1996, Librarian of Congress*

13       *and rates shall distinguish between (i) digital phono-*  
14       *record deliveries where the reproduction or distribu-*  
15       *tion of a phonorecord is incidental to the trans-*

9      *31, 2007, or such earlier date (regarding digital*  
10     *transmissions) as may be determined pursuant to*  
11     *subparagraph (C) or chapter 8. Such terms and rates*  
12     *shall distinguish between (i) digital phonorecord de-*  
13     *liveries where the reproduction or distribution of a*  
14     *phonorecord is incidental to the transmission which*

16         *any determination by the Librarian of Congress. Sub-*  
17         *ject to clause (ii), the royalty rates determined pursu-*  
18         *ant to subparagraph (C) or (D) shall be given effect*  
19         *in lieu of any contrary royalty rates specified in a*  
20         *contract pursuant to which a recording artist who is*  
21         *the author of a nondramatic musical work grants a*

8       June 22, 1995, is modified thereafter for the pur-  
9       pose of increasing the number of musical works  
10      within the scope of the contract, any contrary  
11      royalty rates specified in the contract shall be  
12      given effect in lieu of royalty rates determined  
13      pursuant to subparagraph (C) or (D) for the  
14      number of musical works within the scope of the  
15      contract as of June 22, 1995; and

16              “(II) a contract entered into after the date  
17      that the sound recording is fixed in a tangible  
18      medium of expression substantially in a form in-  
19      tended for commercial release, if at the time the  
20      contract is entered into, the recording artist re-  
21      tains the right to grant licenses under sections  
22      106(1) and 106(3).

23              “(F) The procedures specified in subparagraphs

25      cordance with regulations that the Librarian of Con-

1     *gress shall prescribe, as provided in section 803(a)(3),*  
2     *except to the extent that different times for the repeat-*

5           “(G) *Except as provided in section 1002(e) of*  
6     *this title, a digital phonorecord delivery licensed*

6       “(d) *DEFINITION.*—As used in this section, the follow-  
 7       ing term has the following meaning: A ‘digital phonorecord  
 8       delivery’ is each individual delivery of a phonorecord by  
 9       digital transmission of a sound recording which results in  
 10      a specifically identifiable reproduction by or for any trans-

 12      regardless of whether the digital transmission is also a pub-  
 13      lic performance of the sound recording or any nondramatic  
 14      musical work embodied therein. A digital phonorecord de-  
 15      livery does not result from a real-time, noninteractive sub-  
 16      scription transmission of a sound recording where no repro-  
 17      duction of the sound recording or the musical work em-  
 18      bodied therein is made from the inception of the trans-  
 19      mission through to its receipt by the transmission recipient  
 20      in order to make the sound recording audible.”.
